NOTE TO THE DCI

FROM: John N. McMahon  
Deputy Director for Operations

25X1C 1. Re the question of what we might do to help the [REDACTED] with its TV/radio broadcasting, we have tasked the Covert Action Staff to look at its current inventory of assets to see if there is anyone whom we might infuse into the [REDACTED] scene as an advisor.

25X1C

2. Secondly, we are preparing to task the [REDACTED] Stations to see if our liaison contacts have any sources who likewise could be used.

25X1C

3. In the first case, if we can do it, we get all the brownie points. Failing to do it ourselves, we would then turn to ask liaison's assistance. In this case, while we may not be up front, at least we insure proper "control" of the broadcast system.
